

# **GIVE YOUR DOG TLC – EVEN WHEN YOU’RE NOT THERE**

You love your dog. And in return they give you fun, laughs and unconditional love. They really do become part of the family.

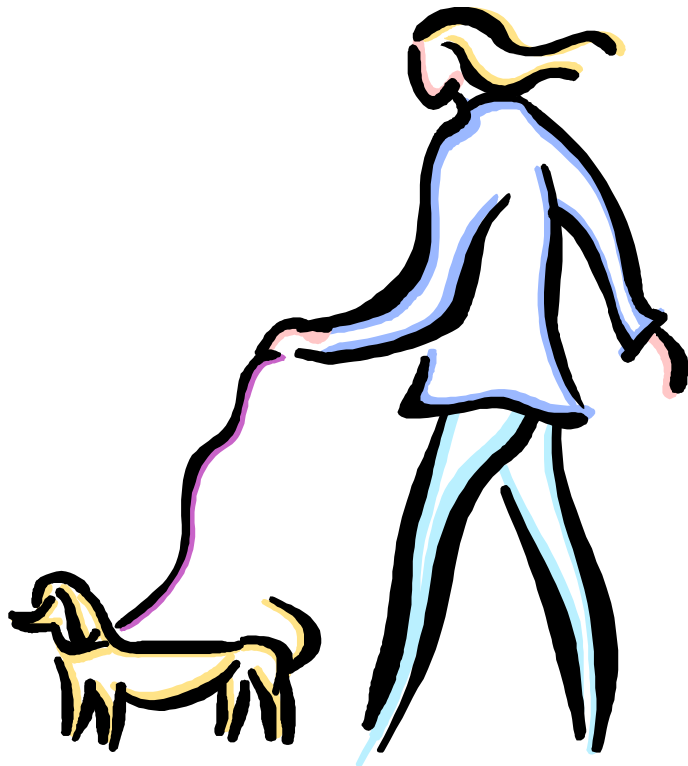

But you can’t be there all the time, every day.

Now you can give them the next best thing.

## **I WALK DOGS BECAUSE I LOVE DOGS**

My name is Wendy Romanoff and my idea of fun is watching a dog frolic and play. I’m an unashamed dog nut.

That’s why I’ve been helping friends by caring for their dogs over the years, and as part of an overall life change, I’ve decided to make my passion my business. Now you and your dog can benefit from this passion and my emotional connection with dogs.

## **SHOW YOUR DOG LOVE WHEN YOU CAN’T BE HOME**

Your dog needs exercise, care and companionship every day, and I offer that when you can’t. Each walk is a minimum of 30 minutes and is semi-private (private walks are also available) with a “potty report” so you know how the walk goes. Plus I have morning and afternoon sessions to fit your dog’s needs.
